- Korean : Native

## Profile Summary

Bilingual designer (Korean/English) bridging 3D visualization and brand identity from precise industrial animation to full visual rebrands. Experienced working directly with executives and cross-cultural teams to deliver work that actually ships.

## Experience

### Soban Korean Eatery

Brand & Visual Designer - Freelance

*Oct 2025 - Dec 2025*

- Redesigned the full menu board system across two locations — Hales Corners and downtown Milwaukee — within one week as sole designer
- Replaced a playful visual language with a minimalist, high-legibility system without cutting a single piece of existing information
- Developed updated brand guidelines through direct collaboration with the owner and CFO, translating their reference direction into a complete deliverable

### Acro Automation Inc

*May 2024 - Sep 2024*

3D Designer & Animator - Freelance

- Rebuilt a real FANUC robotic system in Rhino from technical drawings, then animated it in Maya across 155 hand-keyed frames at 60fps
- Delivered the hero animation now live on acro.com — the first visual every site visitor sees
- Balanced engineering precision with visual appeal across 5 months of iteration with the executive team

### Republic of Korea Marine Corps & United States Marine Corps

*Aug 2022 - Sep 2022*

- Served as sole interpreter between ROK and U.S. Marine Corps units, translating Confidential (Level 2) operational and intelligence materials with zero margin for error
- Managed real-time cross-cultural communication under high-pressure conditions — the same precision and accountability brought to every client relationship since
